

A certain local religious periodical, in a recent issue takes to task a speaker from another county, who in an address on the courthouse lawn during the recent campaign, referred to the "clergy and the coons," thus in the mind of the periodical's editor, creating the inference that the clergy and the negro race were aligned politically and were of the same type. The speaker, in a letter to the religious editor, explained the circumstances under which the reference was made; and the editor, in a later issue of the church publication, prints the letter with further comment, and in the same issue writes another article concerning a straw vote taken among the convicts at the Huntsville penitentiary under the headline "Hoover Was Defeated," inviting the inference to be drawn that the supporters of Governor Smith were of the same political stripe as the convicts. It is regrettable that politicians cannot be consistent in their public utterances.

The greatest quest of life is happiness and content, and the greatest task of life is to yield the will and be led into the way of true happiness. The individual who finds it, is rich indeed, but the individual who fails to find it, lives in poverty though he is rewarded with every material abundance the world can give.

Some towns no more richly blessed in natural resources than their neighbors forge ahead and gradually come to be known as good towns. They tackle the problems that stand in the way of progress with a high energy and a firm determination and a complete unanimity of purpose. The result is, these towns grow. The invisible something that seems to inspire every citizen of the town to labor for the common good is there. There is a willingness to co-operate on the other fellow's plan and a continual and active concentration on some worthy object. This kind of spirit will make a live town in the middle of a wilderness.

Thanksgiving Day again. What has the year brought? Many good things we feel. Some are sad some are happy but this is the complex of life. The nation is at peace. Ruin stalks across the path of agriculture, but industry has prospered. As a whole the nation is prosperous. If it is not so with each of us, maybe it is our fault. We give thanks automatically, through force of habit, not genuine in every sense, but we give thanks. The Soothsayer comforts us with a religion of magic. We face the stern realities of life and measure the milestones by practical things—the only way we know. If there is comfort in hard work then our lot is a happy one. If there is solace in ease and comfort then the year has been a failure too obvious for mention here.

Have you noticed that the leaves are not falling this year with their accustomed seasonal decline. Almost everywhere the trees retain their foliage and Cameron still has a spring dress of greenery. Roses are blooming and the touch of winter belated prolongs the living season for flowers, trees and shrubs. The leaves are due to fall in October. The saying of the poet, "The melancholy days are here, the saddest of the year," is not true of Cameron. Scientists tell us that seasons are undergoing rapid change. Winters are late arriving and hang on into the spring season. Will July 4th weather ever obtain at Christmas time?

With next year an off year politically we anticipate the usual decline in poll tax payments. Poll tax payments should be at maximum in all years because the proceeds from the voting tariff goes to the public school funds of the county and state. Pay your poll tax this year as readily as you pay on the eve of election years. The ballot is the voice of government and the money you pay helps the cause of public education.

Cameron offers to the people of this section unexcelled trading advantages. One of the outstanding reasons for this is advertising. Stores that advertise must back up their advertising and they are meeting competition of the keenest sort therefore they must and do carry better stocks and give the public more for their money. Cameron merchants invite the people to do their trading in Cameron.

LICENSE PLATES FOR CARS ARE NOW READY

FULL REGISTRATION MEANS MANY THOUSANDS TO MILAM COUNTY

License plates for automobiles are now ready and the office of Roy Law, tax collector is prepared to give the owners of cars the best possible service for early registration.

Officially the registration period begins on December 1, next Saturday. No car or motor vehicle may be operated legally after the first day of January 1929 and car owners are urged to register early so as to avoid the last days of tax paying when the office is congested.

It should be remembered that the money paid in on automobile license taxes means much to the people of the county. This year fifty per cent of the money remains in the county.

Car owners who reside in remote sections of the county and who have been registering their cars in other counties should remember that a car cannot be legally registered except in the county of the residence of the owner.

This was brought forcefully to the attention of the public in a recent decision of the court of Civil Appeals.

The statute provides that autos shall be registered in the county of the residence of the owner and for the information of automobile owners the case of Cass County vs. Morris County is cited. The court held that autos not registered in the county of owners residence were not legally and lawfully registered.

It has been the practice of some aggressive collectors in other counties to reach out for these registrations where localities are close to the county lines, but car owners should remember that the money thus obtained is taken away from the county of the residence and the cars cannot be lawfully registered.

FELLOWSHIP BANQUET HERE DECEMBER 4TH

BAPTIST MEN TO GATHER FOR PROGRAM AT CHURCH ANNEX

A fellowship banquet for men of the Baptist church will be held in the church annex on Tuesday night, December 4, according to Chas. McGhee, superintendent of the Sunday school who is active in making plans for the entertainment.

An interesting program is being arranged and cards are being handed to the men of the church asking their presence for the gathering.

The effort of Mr. McGhee to bring the men of the church together for this meeting is commendable and he has the active support of the church leaders for a successful meeting.

The program for the evening will consist of musical selections and readings while the banquet is being served. There will be short talks by some of the fathers and sons present, and the main address of the evening will be given by Judge William Pierson of Austin, Associate Justice of the Supreme Court.

Milk Plant To Open Here First of Year; Officers Elected

It was said yesterday that the new milk products plant or cheese factory will be open and ready for operation about the first of the year.

An election of officers held here last week is as follows: C. W. Lawrence, president; R. H. McIntosh, vice-president; John Ryan, secretary; Hayden Lawrence, treasurer and Willard Reese, manager.

Machinery for the plant has been ordered for some time and is expected to arrive here sometime in early January.

Citizens Bank Makes Big Improvement In Fixtures of Office

The banking room of the Citizens National Bank has been greatly improved by new arrangement of the fixtures. The work is being completed this week and with the hanging of large light fixtures the room will be more modern than heretofore.

The passage way to the directors room has been cut off and made into additional space for the working force, thus giving this big strong and growing bank better facilities for handling the vast business of the customers.

Pythian Patriarch Celebrating 80th Birthday November 30; Best Loved Man of the Great American Order

By R. K. PHILLIPS
Editr Weatherford Democrat

Weatherford, Texas, November 22, 1928—An inspiration for anyone is the life of Henry Miller now serving his fortieth year as Grand Keeper of Records and Seal of the Knights of Pythias of Texas. Having received his early training by any kind of honest work including railroad and construction work in the South, he drifted to Fort Worth in the late seventies and there entered the book and stationery business. He was married in Fort Worth more than fifty years ago. Moved to Weatherford in 1881 and there served as agent for a nationally known sewing machine company and as bookkeeper for a large lumber company and later entered the insurance business. In 1881 he was initiated in Lone Star Lodge No. 4 Knights of Pythias, became a member of the Grand Lodge in 1887 and was elected Grand Keeper of Records and Seal in 1889 and has held that position continuously since. He had found his life work and, except for a short time that he continued in business, has devoted his entire time and talent to the interest and advancement of the Order of Knights of Pythias.

Is 80 Years Old

On Friday, November 30th, 1928, Henry Miller will celebrate his 80th anniversary. He is loved and honored by many thousands of Pythians and their friends not only in Texas but throughout the United States as well for he has been active in the Supreme Lodge as well as the Grand Lodge of Texas.

There is a story of rare devotion to an ideal and practical service to mankind in the life of Henry Miller. He has been and is the embodiment of the cardinal principles of the Order of Knights of Pythias, "Friendship, Charity and Benevolence." More than forty years ago he dreamed how a great fraternal order might be built up in Texas and plunged wholeheartedly into the work and he has seen it grow to many times its membership in those early days. He proved himself invaluable in building up and strengthening the order. He made friends and kept them and in a short time the Grand Lodge began to au-

tomatically re-elect him to the position he held.

Sponsored Pythian Home

With an immense amount of work to do in keeping the records of a growing fraternal order, he soon had another vision and that was to establish a Pythian Home where the children of deceased Pythians might be reared and educated and their widows be given a home. Fort Worth Pythians had erected the first Pythian building in America and this building was dedicated by the founder of the Order, Justus H. Rathbone. Later W. Alex. Abey of Fort Worth was elected Grand Chancellor and he was the first

San Ildefonso Mission Site Believed Discovered In Milam County By Franciscan Priest

Waco, Texas, Nov. 24.—Researches and surveys made by the Rev. Gabriel Tous, T. O. R., of the monastery of St. Francis, Waco, lead him to believe that the site of San Ildefonso Mission, one of the three established by the Franciscan Fathers more than a century and a half ago, has been discovered. His investigations indicate that the mission was located about five miles northwest of Gause, in Milam County, not far from the bank of Little River.

The three missions in Milam County were the only ones founded in Central Texas by the Franciscan padres. It was in 1747 that they opened their first mission in Milam County, five miles from Rockdale, giving it the title of Nuestra Senora de los Dolores or Our Lady of Sorrows. Part of the

ruins of this ancient mission are plainly visible. The location of the third mission, Nuestra Senora de la Candelaria, has never been ascertained. This mission also was established in 1749, the same year in which San Ildefonso was opened.

Among the missions attended by Father Tous and of which the Franciscans have charge in Central Texas is Cameron. It was while in Cameron recently that Father Tous received his first information of a definite character as to where the mission church of San Ildefonso was built by the Franciscans, in the eighteenth century.

Mexicans at Cameron told Father Tous that there was located near Gause a peak known as Loma de San-

President Coolidge Issues Thanksgiving Proclamation

"The season again approaches when it has been the custom for generations to set apart a day of Thanksgiving for the blessings which the Giver of all good and perfect gifts has bestowed upon us during the year. It is most becoming that we should do this, for the goodness and mercy of God which has followed us through the year deserves our grateful recognition and acknowledgement.

"Through His divine favor peace and tranquility have reigned throughout the land. He has protected our country as a whole against pestilence and disaster and has directed us in the way of National prosperity. Our fields have been abundantly productive; our industries have flourished; our commerce has increased; wages have been lucrative and contentment has followed the undisturbed pursuit of honest toil.

"As we have prospered in material things, so have we also grown and expanded in things spiritual. Through Divine inspiration we have enlarged our charities and our missions; we have been imbued with high ideals which have operated for the benefit of the world and the promotion of the brotherhood of man through peace and good will.

"Wherefore, I, Calvin Coolidge, President of the United States do hereby set apart Thursday, the 29th day of November as a day of general Thanksgiving and Prayer, and I recommend that on that day the people shall cease from their daily work, and in their homes, and in their accustomed places of worship devoutly give thanks to the Almighty for the many blessings they have received and seek His guidance that they may deserve a continuance of His favor."

One Cent Pieces Are Used For Copper In Crude Manufacture

A crude idea made a crude still and the liquor must have been still more crude. A negro arrested by Deputy Guy Pope this week adopted a novel method of applying the mechanics of a "copper" element to a whiskey still when a number of one cent pieces were found inside an oil can being used to cook liquor.

In some way the offender had heard that a still must have some copper about it to make liquor so he hit upon the idea of supplying the needed metal by inserting the one cent pieces. So far this is the most primitive method yet discovered in connection with illicit liquor manufacture in Milam County.

Union Service Here Wednesday Night at Presbyterian Church

Union Thanksgiving services at the Presbyterian church Wednesday night will be held with P. T. Ramsey of the Methodist church preaching the annual sermon.

It is the custom each year to hold union services. The services cannot be held on Thanksgiving Day because the church folks attend the various football games.

Early Wednesday it was announced that Johnnie Carlin who disputes the championship claims of Henry Karhunaari had been matched to wrestle the Finn in Rockdale Friday night of this week under the auspices of the American Legion.

This will be one of the most important matches of the year. Carlin claims the European, junior and welterweight championship.

Cotton Production Exceeds 1927 Crop

Exceeding by almost ten thousand bales the crop of 1927 Milam county's 1928 crop may be the third largest in the history of the county.

There were 62,466 bales of cotton, counting round as half bales, ginned in Milam County, from the crop of 1928 prior to November 14, 1928, as compared with 52,872 bales ginned to November 14, 1927.

New License Plates Are Black and Orange

The new auto license plates this year are very attractive. They have a background of black and the numbers are orange in color.

Each year the plate numbers are in different color combinations. At the office of Roy Law, tax collector it is said the county has had no number plates more attractive than the 1929 plates.

Cameron Wins From Brenham 13 to 6

The forward pass combined with effective broken field running netted the Yoemen a 13 to 6 victory over Brenham high school here last Friday afternoon.

The game scheduled with Granger Wednesday afternoon will in all probability close the season for the Yoemen. Coach Perkins has given the city a good football team this year as the season's record will show.

L. W. Kemp of Houston, brother of Judge Kemp and a sister from Jackson, Mississippi, were also in attendance at the funeral.

The funeral was held at four o'clock Tuesday afternoon with Rev. M. D. Council of the Methodist church conducting the services.

Mrs. Seabaugh was a native of Louisiana and had lived in Belton for about 50 years. She was prominent in D. A. R. circles.

L. C. Gayle of Santa Anna, a prospective man for the position of Educational Director at the Baptist church was in Cameron Sunday. He directed the music at the church Sunday evening and also sang a solo.

CAMERON FANS HOPE FOR BETTER WEATHER

THANKSGIVING GAME FINDS CAMERON PEOPLE READY TO INVADE CAPITAL

Weather reports early Wednesday morning by radio and by forecast was anything but encouraging to football fans who plan to make the big game tomorrow.

Possibility of snow, certain colder weather with a strong probability of rain was the prospect that met the anxiety of the people this morning.

With fair weather Cameron population will be well depleted Thursday. Few will go to the S. M. U. and T. C. U. game in Fort Worth and some to Houston for the Rice Baylor game but the larger number will go to Austin.

With continued bad weather the radio audiences will be augmented. Interest predominates in the Texas-A. & M. game at Austin where the conference title is in the balance with Texas leading. If Texas loses to A. & M. the title goes to Arkansas. If a tie game more talk will be heard. In the meantime better weather is most desired.

"The entertainment will take the audience through a Scout Meeting and hike with lots of features such as readings, pantomimes and jokes.

"The talent is made up entirely of this troop. Come out and enjoy a good evening's entertainment as well as find out what our Boy Scouts are doing."

Trade Briefs

Strolling through the business district in these late November days one is reminded pleasantly of the near approach of Christmas with its impulse for gifts and good cheer. Cameron more than any other city in this section presents shopping advantages of the better kind. Many brilliant displays are to be seen and new gift goods are daily finding their way to the windows and display counters.

George A. Thomas and Sons are back this year with a wonderful collection of art and gift goods with the finer type of gifts predominating. Last year this pioneer drug store gave the city one of the best displays of gift goods the people have seen. Rush A. Thomas has brought in the wares again and is exceeding the advantages offered this year. It is inspiring to pass among the cases and the display counters of this big store. Everywhere practical gifts, rare art collections in gift goods, rich and rare silver pieces, jewelry and many other things too numerous to mention. Already the store spaces are well filled

San Ildefonso Mission Site Believed Discovered In Milam County By Franciscan Priest

(continued from page 1)

ta Ana, or Hill of Santa Ana. It was recalled by Father Tous that Father Benito Fernandez de Santa Ana founded the first mission in Milam county, and that he took an active part in establishment of the two others. The similarity of the name or peak with that of the Franciscan padre attracted his attention and he visited the site near Gause, finding the hill in the locality described to him.

Hear Chimes of Mission

None of the Mexicans who live in the vicinity of Gause, or any who come to that neighborhood from other sections of Milam County, attempt to scale the heights of Loma de Santa Ana, and this by reason of a legend that has been in existence for many years. It is told that the abiding place of the wife of the chief of the Indian tribe at the time peopling Milam County was on top of Loma de Santa Ana, which did not then bear its present name. When the Spanish soldiers, accompanied by the padres, came to Milam county a battle ensued between the soldiers and the Indians, in which the former were victorious. Later, after Mission San Ildefonso had been constructed, the Indians, in augmented numbers, engaged the soldiers in battle, and the red men won. Two of the padres were killed in the battle.

It was recounted in the legend that on the chief feast days of the year, observed with due solemnity by the Franciscans in the days of the mission churches and when storms were raging, the chimes of the mission bells, together with the hymns and spiritual canticles used in connection with the religious exercises, may be heard. Regardless of the truth of the legend, the Mexicans of Milam County will not ascend to the peak of Loma de Santa Ana.

In his exploration on the hill, Father Tous found it was formed in the main, of huge red rocks. The soil is sandy with practically no vegetation, but large-leaved oak trees are found on the hill. Near the top are small caverns which appear to be natural.

Will Write of Franciscans

Historic documents in the archives of Spain of which country he is a native, have given Father Tous the greater part of his findings as to the Franciscan fathers in Texas in the early days and the missions they established near San Antonio, Nacogdoches and Goliad, in Central Texas, and in other sections of the State. It is his intention, with all the data in his possession and other facts he hopes to secure, to write what promises to be the most complete and comprehensive work on the Franciscan missions in Texas that has ever been attempted.

The labor that is receiving the greater part of Father Tous' present efforts is a project to erect here a reproduction of Mission San Jose, built by the Franciscans near San Antonio in 1701, which is still in a fair state of preservation, and which has been viewed by sightseers from all parts of the United States. It is on this mission church that the famous rose window is located, so called by reason of the roses, carved in stone, that embellish the frame that incloses the window. This window, with its stone frame was exhibited at the St. Louis Exposition in 1904.

Mission San Jose is to be built on the grounds that surround St. Francis' Monastery at Waco, and it will be an exact reproduction of this famed structure since Father Tous has secured photographs made fifty years ago, before the inroads of time had begun materially to affect the mission church.

NEW PONTIAC SIX ON MARKET SOON

SCHILLER MOTOR COMPANY ADVISED OF NEW MODEL WITH MANY CHANGES

Pontiac, Mich., Nov. 27.—A Pontiac Six, new in practically everything but name, shortly will appear on the market it was announced here today by the Oakland Motor Car Company and advices received by Schiller Motor Company of Cameron.

A bigger, smarter, more powerful and more luxurious Pontiac, bringing big car features within the price range of the small six, was promised by the Oakland Company.

This announcement comes near the close of the most successful year in the company's history with an estimated total output for 1928 of close to 270,000 units, forty percent above 1927.

In preparation for 1929, extensive building projects under way here for some time past now are practically completed and will give the Oakland-Pontiac plant a capacity next year in excess of 350,000 cars.

Production of parts for the new car is now under way at the company plant, said to be the most modern and best equipped in the industry. The new Pontiac Six will be built almost entirely in factories owned by the Oakland Motor Car Company and the Fisher body plant at Pontiac, because the opening of new production units will enable Oakland in 1929 to build parts formerly manufactured elsewhere.

Keen interest in the new Pontiac Six was evidenced in automotive circles here and at Detroit because the Pontiac, first introduced in 1926 has since consistently shattered all previous sales records for a new make of car.

While embodying big car features and performance, the new Pontiac Six will remain within the price range of the smaller six, according to the announcement issued today. National showings will be held around the first of the coming year.

First Birthday Party For Bobby Adele Fikes

The following clipping has been received from Mrs. W. L. Fikes in Pomona, California, taken from the Progress-Bulletin giving account of the first birthday party of their little daughter. Cameron friends will read with interest this generous mention of the little girl and family:

Mrs. W. L. Fikes of 970 E. Monterey avenue entertained yesterday afternoon in honor of her daughter, Bobby Adele, who celebrated her first birthday anniversary.

The Thanksgiving motif was used in the decorations. Two toy turkeys formed the table center piece. Streamers led to the birthday cake on which was one candle and the name of the wee honor guest.

The afternoon was spent playing games and taking kodak pictures. Mrs. Fikes was assisted in serving by her sister, Miss Bobby Thurman, and Mr. Frances Jacobs. Contest prizes were awarded to Bobby Maloney and Dorothy Hosenflow. Toy turkeys, balloons and candy delighted the small guests.

Those present were Mrs. W. L. Hedrick and Willy Bille, Mrs. J. L. Thurman and Bobby, Mrs. Frances Jacobs and Jack, Mrs. Gene Maloney, Bobby and Gene, Mrs. Wendell Mason and Ronald, Dorothy Hosenflow, Jacalyn Thurman, Donald Goodman and the honoree, Bobby Adele Fikes.

The honor guest was presented with lovely gifts and wished many happy returns of the day.

The County Council of the Parent Teacher Association meets on December 7 at Minerva with the Minerva Parent Teacher Association. The main speaker for the meeting will be Mrs. Graham Gillis, who will read a paper on Home Responsibility. It is hoped that Mrs. Seike of Bryan, who is chairman of the ninth district of the State organization will be able to be present at the meeting and give an address.

PRESBYTERIAN AUXILIARY

Members of the Missionary Society of the Presbyterian church met in circles Monday as follows:

Circle one with Mrs. Barmore.

All circles had a home missionary program and a lesson in the study book. Each circle took a Thanksgiving offering for the Siles Valley Orphanage at Siles Valley. The attendance was very good.

Johnnie Carlin Says Karhunsari Is Not Champion In Letter

The background for what may be one of the most interesting mat cards of the entire year in Texas, seems to be well formed. A letter received here this week from Johnnie Carlin who hails from across the waters, styling himself the European welter and junior middleweight champion wrestler, challenged Henry Karhunsari's right to the title and declares he is the real champion.

Carlin gets real hot about the Finn's claims. Here is what he says: "If you are a real sport print this challenge in your local newspaper and thank them for me."
The appetites of wrestling fans will be whetted a bit now. The Legion has been at a disadvantage this season, having no building in which to house the activities of the post. Carlin adds: "I dispute your claim of middleweight champion and am anxious to prove my opinion."

BAPTIST MISSIONARY SOCIETY

The W. M. S. met in the homes last Monday and had a very interesting program in "Royal Service." The subject of the lesson was the study of Mexico; many interesting topics were discussed on the type of homes and the methods of living in our neighboring country.

Circle one met with Mrs. J. W. Coleman; eleven members were present. Mrs. John A. Smith led the program. A good collection was made to the mite box. Circle two met with Mrs. Preston Graves and ten members were present. Circle three met with Mrs. T. A. Casey, thirteen members and two visitors were present. Mrs. W. M. Fanning led the lesson which was followed by a social.

The Society will meet at the church next Monday in regular monthly business. This meeting will be the beginning of the December week of prayer.

MISSIONARY SOCIETY

Members of the Missionary Society of the Methodist church met in circles Monday afternoon as follows:

Circle one with Mrs. R. H. McIntosh, who had arranged a Thanksgiving program. Each person present gave a passage of scripture and a talk on Thanksgiving. Mrs. McIntosh's sister, Mrs. Clara Dawson of Breckenridge, who was a visitor, also had

a part of the program. After the Bible study, the following officers were elected for the ensuing year: Chairman, Mrs. Arthur Baskin; secretary and treasurer, Mrs. Olsen; chairman of dues and pledges, Mrs. Julian Baskin.

Circle two met with Mrs. Rylander. The Bible lesson covered the Book of Genesis, with all present taking part. Circle three met with Mrs. W. I. Clark and had for their Bible lesson the history and the authors of the books of the New Testament. Circle four had no meeting.

THANKSGIVING

An old custom since 1620 when the Pilgrim Fathers first landed on the soil of the New World.

They gave thanks and each year growing from this humble and sincere expression has grown a day set apart and officially designated as Thanksgiving.

Let us again on Thursday, November 29, 1928 give thanks for continued prosperity and peace through all the world and among nations.

Opportunity is the rightful heritage of every man and woman in America and the privileges of good banking have been for many years one of the annual forces to guide men to prosperity.

Register Your Car Beginning December 1

License plate numbers are now ready and cars and trucks may be licensed beginning DECEMBER 1.

The state law makers were wise in this provision as December 1 makes it possible for autos to be registered at a time when other tax payments are slack. In the latter part of December the time is too limited to delay.

Cars cannot be operated legally after January 1, 1929 if not found to have a new license plate.

The office of the Tax Collector is now ready to serve the people of the county in this important matter and we welcome them. Early registration will enable the office to give better service and satisfaction to you because you will have the important matter over with.

Be sure to bring with you a headlight certificate as this must accompany all applications for registration.

All applications for license plates to be sent by mail must be accompanied by postage, 9c being required for each set of plates.

PAUL GOES TO ROME

LESSON TEXT—Rom. 1:8-15; Acts 27:1-28:31.
GOLDEN TEXT—I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to every one that believeth.

PRIMARY TOPIC—Paul and a Storm at Sea
JUNIOR TOPIC—Paul's Voyage to Rome.

INTERMEDIATE AND SENIOR TOPIC—Paul Makes the Most of Circumstances.
YOUNG PEOPLE AND ADULT TOPIC—Divine Leadership in Paul's Life.

I. Paul's Longing to See the Romans (1:8-15).

Rome was the center of the world's power and influence. Paul longed to visit that metropolis with the gospel so that it might find its way from that center to all parts of the world. He had a twofold object so far as the Roman church was concerned.

1. That he might impart unto them some spiritual gift to the end that they might be established.

2. That he might be comforted by their fellowship. There is a reciprocal relationship between the minister and the people unto whom he ministers.

II. Paul's Voyage to Rome (Acts 27).

1. The ship (vv. 1-6).

It was a vessel of Alexandria sailing from Myra to Italy.

2. The company (vv. 1, 2).

Two of Paul's friends, Aristarchus and Luke, were permitted to go with him. Besides these three, there were two hundred and seventy-three in the ship (v. 37).

3. Overtaken by a storm (vv. 7-20).

Paul had advised that they winter in Fair Havens (vv. 9-12), but his advice was unheeded. The gentle south wind deceived them so they loosed from Crete, only to be overtaken by the tempestuous wind called Euroclydon.

4. Paul's serene faith (vv. 21-23).

(1) His rebuke for failure to heed his advice (v. 21).

(2) Pled them use of good cheer (v. 22).

(3) He promised safety (v. 22).

(4) The source of his information (vv. 23, 24). It was revealed unto him by the angel of God.

(5) The reason for Paul's faith (v. 23).

"Whose I am and whom I serve." The consciousness of having been chosen by God and being engaged in His service enables one in the midst of the most violent storm to rest in God.

5. The ship's crew all safe on land (27:27-28:10).

This was exactly as the Lord had said.

(1) The hospitable reception by the natives (28:2).

They built a fire and made the ship wrecked people as comfortable as possible in the cold and rain.

(2) Paul gathering sticks for the fire (v. 3).

(3) Paul bitten by a poisonous serpent (v. 3). Among the sticks gathered there was a serpent. Perhaps it had already coiled itself up for its winter's sleep, but when warmed by the fire it darted at Paul and fixed its fangs upon his hand. At first the natives thought that he was an escaped murderer and that retributive justice was being meted out to him. When they saw he was unharmed they concluded he was a god.

(4) Paul heals Publius' father (vv. 7-10). Paul now reciprocated the kindness of these people.

III. Paul's Arrival at Rome (28:11-16).

Brethren from Rome came some forty miles to meet him. This greatly encouraged him, for which he gave thanks to God. His desire to preach the gospel at Rome was now realized. He was treated with great leniency, being allowed to hire a house and live apart, except that he was constantly under the guard of a soldier. Being chained to a soldier was irksome, but it gave him a chance to preach to the soldiers, which he could not have done in any other way.

IV. Paul's Ministry in Rome (vv. 17-31).

1. His conference with the leading Jews (vv. 17-22).

He did not, as usual, wait for the Sabbath day to speak to the Jews, but after three days' rest he called the chief Jews together because of a desire to have a fair understanding with them. The result of this interview was that the Jews took neutral ground.

2. Paul expounding the Kingdom of God and persuading concerning Jesus (vv. 23-31).

He pointed out a real kingdom, the Messianic Kingdom, with the historic Jesus as King.

Prayer

Prayer is the great lever of the spiritual life; nay, to speak in various figures, it is the lung by which it breathes, it is the atmosphere in which it floats, the wing by which it speeds its flight, and the language by which it daily communes with its own Original.—W. Knight.

The Richest

He is richest who possesses most of "the mind that was in Christ Jesus."—Southern Methodist.

She's not so Dumb

A HEN hasn't got much sense anyhow. But she has sense enough not to eat in the dark. That's why they put electric lights in hen houses in the winter. So the hens will put in more time eating. And then, of course, they'll lay more eggs. More eggs mean more profits.

Why, it's got so that when a farmer decides to go in for raising chickens, the first thing he thinks of is a Delco-Light Electric Plant to furnish electric light for the hen house. Of course, the farmer's wife could tell him twenty more reasons why he should have Delco-Light, but we won't go into that now.

erion during the holiday buying season and in 1929 to make this city their point of contact for supplies and banking. The trade territory of the city is expanding each year and this year has witnessed a great stride forward in commercial supremacy.

Tax paying time is here again. A notice from the tax collector reminds us gently that the new plates for the cars are here, all shining and ready to put on the family bus. This year fifty per cent of the money remains in the county and the car owners should be interested in full registration.

Have you noted the increased number of correspondents from various sections of the county? The Herald is proud of this increasing number, sending in the interesting news from over the county. We invite other correspondents. We should like to hear from Milano, Buckholts, Burlington and Ben Arnold this week. Your community can be well served and you will receive compensation for your efforts. Many things of interest are happening in these localities. You will help us make a better newspaper, more readable and increase our service. Let us hear from you this week.

Precautions are to be taken by Marshal Slocumb during the holiday season in handling city traffic. Slow up a little in your driving. The streets have been topped and your car stops with less ease now. Increased traffic makes it imperative that we consider safety first as the best policy. Marshal Slocumb in his notice to car drivers deserves the support of the citizens and he has ours.

Henry Miller

(continued from page 1)

to bring the matter of the Pythian Home before the Grand Lodge. Mr. Miller worked with Mr. Abey and other leaders of the Order in fostering this movement. Their efforts were crowned with success and the beautiful Pythian Home near this city was built twenty years ago. It has been all its founders dreamed it would be and from out its walls have gone hundreds of boys and girls who have been trained to become useful and patriotic men and women.

Through all the years since the Home was built Mr. Miller has been active in its affairs. As secretary of the Board of Directors, he has taken a personal interest in the children and those in charge of the Home and has aided in countless ways to make it a complete success being, especially helpful in safeguarding the financial affairs of the home and in helping to provide for the future.

Still Is Active

While Mr. Miller still pays close attention to the affairs of his office, the Grand Lodge has relieved him of much of the arduous detail work by providing him with an assistant in the person of L. R. Norton who has been capable and efficient in handling the clerical work as well as many other duties in connection with the office.

Henry Miller has been doing his full part as a useful citizen in his community as well as the lodge, the church and in civic affairs. He served for six years as Mayor of Weatherford and made one of the best Mayors the city ever had. He has lived a well rounded life in spite of the fact that his duties were pressing and confining.

For the past forty years Mr. Miller has been on intimate terms with many of the great men who have shared the destiny of Texas in various lines.

Served With Great

He has served in the Grand Lodge with men who have been congressmen, Senators and Governors. He smiles and calls them by their first names when referring to them but whether he agrees with them politically or not, they are still his "boys" and he is always pleased with their triumphs.

Still active, Mr. Miller often walks back and forth from his office and home and Mrs. Miller still live at the old home where they reared their children. Their four children, two boys and two girls have gone out in the world as honored men and women. These are Dr. E. T. Miller of the faculty of the University of Texas; Hollis Miller, a business man of Shreveport; Mrs. Perry Young of New Orleans and Mrs. Claude Strickler of Lampasas.

Eighty years and still facing the future with a smile, still thinking of what he may do for others rather than what others might do for him; forty years of service to one Fraternal Order that he has seen grow ten fold as large. Forty years and he has seen one big dream come true and the great Pythian Home become a reality, with Friendship, Charity and Benevolence making those buildings of stone and concrete and steel alive with a beauty and goodness all their own.

Yoe High History Club Will Search For Old Mission

The Yoe High History Club had its regular bi-monthly meeting last Thursday evening at the Yoe High school library. The meeting was called together by the president Chas. Kelso. After the secretary had called the roll and read the minutes of the last meeting old and new business was discussed.

The committee to search for the San Xavier Mission reported that they would begin their work as soon as the weather permits. Members of this committee are Miss Mary Lake Henderson, sponsor; Vernon Slocumb, official reporter; Narvie Caperton, curator; Gilbert McCollum, official map maker; Cyrus Miller, Dorothy Joyne Gladys Davis and Milada Slama.

The business being completed the program committee presented a very interesting program. Lois Robbins discussed the question as to whether Queen Elizabeth was a man or a woman, as is commonly supposed. Cyrus Miller gave a talk on the "Black Beans of Death."

After the program, refreshments of delicious hot chocolate and cakes were served by the refreshment committee.

Ancient History

It was at the royal ball given in celebration of the king's coronation. All the counts and no-accounts were there. Suddenly a fanfare of bugles split the atmosphere and between two lanes of spectators came Daniel. A great shout went up from the populace.

"What Ho!" cried the king.

"Ho, Ho!" laughed Daniel, thus scoring a point for the common people.

Thereupon the king became wrathful and had Daniel cast into the lion's den. One of the beasts playfully bit his left ear.

"Ouch, Ouch!" screamed Daniel. "It tickles."

"What tickles?" demanded the king.

"Spectacles," replied Daniel.

Whereupon 50,000 subjects rolled on the grass in mirth for in those days the king's word was law.

Lesson for December 16

PAUL AND HIS FRIENDS

LESSON TEXT—Acts 20:36-38; Rom. 16:1-4; Phil. 2:25-30; Philemon.

GOLDEN TEXT—A friend loveth at all times.

PRIMARY TOPIC—Paul Writes a Letter to Philemon.

JUNIOR TOPIC—Paul's Letter to Philemon.

INTERMEDIATE AND SENIOR TOPIC—Paul as a Friend.

YOUNG PEOPLE AND ADULT TOPIC—The place of Friendship in the Christian Life.

I. Paul Praying with the Ephesian Elders (Acts 20:36-38).

This incident reveals the real spirit of fellowship which had developed between Paul and the elders of the church at Ephesus. Knowing the seriousness of his mission to Jerusalem and the probability that he would never see them again, he asked these elders to meet him at Miletus, that he might give them the proper instructions so as to enable them to meet the issues which confronted them. Before leaving them he knelt down and prayed with them.

II. Concerning Certain Ones at Rome (Rom. 16:1-4).

1. Phoebe commended to the Christians at Rome. Phoebe was a Christian woman from the church at Cenchrea who was making a visit to Rome. Her business is not defined, but it was such that he could ask the Christians not only to receive her, but to render to her the proper assistance therein.

2. He asks that the Christians greet Priscilla and Aquila (vv. 3, 4). The ground upon which this greeting was urged was their own loyalty to himself.

III. Concerning Apaphroditus (Phil. 2:25-30).

Not being able to revisit the church at Philippi, Paul sent his friend Apaphroditus to minister to them.

IV. Paul Writes to Philemon.

Philemon was a member of the church at Colosse. Onesimus, his slave, wronged him; perhaps stole from him and fled to Rome and there came under Paul's influence and was converted. Paul sent Onesimus back to Philemon with this letter. This is one of the most tender and beautiful letters ever written and the first anti-slavery petition ever penned.

1. The salutation (vv. 1-3).

His aim was to touch Philemon's heart; he, therefore, refers to himself as a prisoner and links Philemon to himself as a fellow-laborer in the gospel of truth.

2. Philemon's reputation (vv. 4-7).

(1) His faith and love toward the Lord and all the saints (v. 5).

His earnest desire was that this faith bear fruit in Christ Jesus.

(2) His ministry to the saints (v. 7). Philemon generously ministered of his substance to the poor saints.

3. Paul's request (vv. 8-16).

He requested Philemon to receive back Onesimus, the runaway slave, as a brother in Christ.

(1) Beseeches instead of commands (vv. 8-10). Though conscious of his right to enjoin, he pleads as a prisoner of Jesus Christ, for love's sake.

(2) He pleads on the grounds of grace (vv. 11-14). He admitted that Onesimus had been unprofitable, had forfeited all claim upon Philemon, and that on grounds of justice his plea might well be rejected, and yet, because Onesimus was begotten in his bonds (v. 10), was in a real sense part of his own suffering nature (v. 12), he ventured to suggest that he should be accepted.

(3) Paul desired that Onesimus be received back, not as a slave, but as a brother in Christ (vv. 15, 16). Here is the real fugitive slave law. Paul never attacked slavery, though it was contrary to Christianity and therefore hateful to him, but emphasized the principles which destroyed it. The wise thing to do is to get men and women regenerated and thus transform society, instead of seeking change by revolution.

4. The basis upon which Onesimus was to be received (vv. 17-21).

The debt of guilty Onesimus to be put to the account of Paul and the merit of Paul to be put to the account of Onesimus. This is a fine illustration of the atonement of Christ. What ever wrongs we have committed, debts incurred—all our shortcomings are debited to Him. Jesus Christ, on behalf of the whole universe, said to God, "Put that to my account." Onesimus was taken back, not as a runaway slave, but as a beloved brother in Christ.

5. Paul requests lodging (vv. 22-25). He expected a speedy release from imprisonment and purposed to sojourn with Philemon. What a welcome he must have received!

What They Realize

Children may not understand all the readings used nor thoughts expressed in the family worship hour, but they do feel that this is a time when the whole family enters a holy place. God is made real, and family life is made a part of His plan and a thing within His care.—The Main-land Messenger.

METHODIST CHURCH

We went far toward our three hundred at Sunday School last Sunday. I vote "Aye" to make it that next Sunday. As many as vote with me come at 9:45.

All of our Leagues are doing fine work and are promising to do better. The Juniors will meet at 2:30; the Hi's and the Seniors at 6:00. We are looking for 75 next Sunday.

The pastor will preach at 11:00 and at 7:00 next Sunday. At the morning hour the Holy Communion will be administered and the address will be appropriate to the occasion.

Seven is our popular hour. It is always different. The subject will interest everybody next Sunday night, especially the young people. It is "Conducting Your Own Funeral." Better be there and learn why and how.

Over 530 miles of Tuberculosis Christmas Seals have been distributed by the Texas Public Health Association for the annual sale which starts tomorrow. The seals this year show an ancient galeon with a red double barred cross on the main sail and the words, Christmas Greetings, 1928.

The proceeds from the sale of these seals finance the work of the Texas Public Health Association and their 23 local affiliated associations.

Over 100 volunteer chairmen have been secured to sell seals in their localities and in counties where no organization occurs. The public is offered an opportunity to secure seals by mail.

Last year the State Association reached over 100,000 persons in their State-wide Educational Campaign. A great deal of attention is being paid to health work in schools, consisting of health educational work and the examination of pupils by registered, Public Health Nurses. Tuberculosis clinics have been held in several counties. Special effort has been made to reach all races.

In 1929 it is expected that a continuation of our present program will be carried on, increasing the clinic work wherever possible. Dr. Z. T. Scott, Executive Secretary, stated that the deaths from tuberculosis had been reduced over 50 per cent since the first campaign against tuberculosis and that we are now on the last half of the fight and the efforts must be continued. He also stated that tuberculosis was still the major cause of death in the age group—15 to 25—and that special work must be done with this group.

Mrs. A. C. Freeman Is Elected President Parent-Teachers

Mrs. A. C. Freeman, new president of the Parent Teachers Association was introduced to the members by Mrs. J. P. Love at the regular meeting of the Association held last Thursday afternoon in the library room at Yoe High school. Mrs. Freeman, in turn, after a short talk in which she asked the co-operation of all, introduced the new secretary, Mrs. Lyon, who read the minutes of the last official board meeting.

Miss Cora Rogers of the Cameron Mexican school made a very interesting talk on the Mexican situation in Cameron. Mrs. Jeff Kemp answered with a talk on "What Shall We Do?" Plans were negotiated to equip a library for the Mexican school with

books suitable for children in the 3rd and 4th grades. Each member of the P. T. A. pledged to supply one book. Three new members were added to the roll at this meeting.

Lesson On "Turkey" For History Club

In recognition of the Thanksgiving season members of the History Club enjoyed a lesson on "Turkey" at the regular meeting Tuesday afternoon at Mrs. R. P. Jeter's with Mrs. J. P. Love and Miss Winnie Henderson in charge of the program. No set topics were discussed, but clippings from newspapers and magazines, all bearing on the subject of turkey were displayed and discussed. Among those relating to the country by that name were the change in territory, the present political situation in Turkey, the changes in customs, particularly in the style of dress for women. In addition to these topics, pictures were shown relating to the annual Turkey Trot at Cuero, and there was also a picture of Madame Halide Edib of Turkey, who is lecturing in the United States.

Instead of having the regular roll call Mrs. Joe Denson, parliamentarian, conducted a parliamentary drill. Guests other than club members were Mesdames W. O. Newton, Mack Fox and W. S. Ledbetter of Dallas.

The hostess served a collation consisting of tuna salad, crackers, citron pickle, stuffed dates and hot tea. Autumn leaves and chrysanthemums were noted in the decorations.

Texas and Texans'

By Will H. Mayes

Texas Scholastic Enrollment

Texas has a scholastic population of approximately 1,400,000 in its public school enrollment. At \$15.00 per child, the enormous sum of \$21,000,000 is paid annually for primary education from the State tax, besides the amount that comes from the local school taxes. In addition to this, an almost equal amount is paid for higher education. If children are not reasonably well-educated in this State it seems that the fault does not rest with the tax-paying public, but with the parents of the children.

Hoover Campaign Expenses

Supporters of Gov. Al Smith for president are saying in the press that Hoover's large vote in the State was because of the large amount of money spent in advertising and other publicity. The Republican campaign committee comes back in a statement that the cost of securing votes for Hoover in Texas was only 16 cents each and gives a list of contributions and expenses to prove it. However, this does not take into account the huge sums spent outside of the State for sending literature and radio messages throughout Texas.

In the matter of campaign expenses, though, it all becomes either party to cite what the other spent. Both spent entirely too much money, and voters are complaining that election expenses in both National and State campaigns are becoming disgracefully high. One often hears the statement made that it costs so much to make the race for governor of Texas that a poor man cannot be elected without being placed under embarrassing obligations. A campaign for reducing campaign expenses is something much needed in every State in this country.

Country Real Estate Sales

A close reader of Texas papers is impressed with the increasing sales of country real estate. The prices paid are not speculative but are based on reasonable returns from the property. Whatever lull there may have been in country property in some sections appears to have been succeeded by advanced prices. There is no better investment than in such property. While there are temporary periods of depression as in everything else, a reaction is always sure to come. Just now country sales are more active than in the cities, except in a few of the larger places.

CALDWELL, TEXAS

Amarillo section, South Texas has been having balmy "early fall" weather. In the most Southerly parts of the State frost and snow are seldom seen even in the severest winters. But heavy snows are blessings to those parts of the State in which they fall, for they assure winter seasons that make the wheat grow. North Texas papers say the rains and snows that have already fallen have started the grain crops into rapid growth. There is weather in Texas of enough kinds to please everybody, even the "hay-fever publicists" of the type of Editor Cooke, of the Rockdale Reporter.

Regulating Air Traffic

Chairman Clarence E. Gilmore back from a meeting of railroad and utilities commissioners at New Orleans, says there was much discussion of intrastate regulation of air traffic to

supplement (such regulation as the Federal Government already imposes. That such steps must be taken soon seems inevitable. Every privately owned, and perhaps every publicly owned institution that serves the public and that is worthy the ordinary commercial competition needs close supervision both for the protection of the people and for its own safety. The closer and more effective that supervision is, the better for all concerned. The state is in better position to give this than the National Government and especially does this apply to control of utilities within the State.

Radios in Public Schools

There is a radio in every public school in Fort Bend county with radio service and a broadcasting station at the county courthouse. State Sup-

erintendent Marrs made the dedicatory address at Richmond, speaking to all the school children at one time. When troublesome static is eliminated as it will be some time, the radio will likely become an important factor in our educational system, and to the advantage of public education. In many city schools the students now get the best music and educational addresses of the country through modern radio-receiving sets. Walter Damosch, one of the country's most famous orchestra directors, is devoting the best part of his time to giving school children of America musical concerts of the best kind heard in New York and other cities, along with popular lectures on musical subjects.

Big Acreage Increase

The agricultural agent of the Southern Pacific Railroad reports an in-

crease of 50 per cent in the acreage in cultivation in the Lower Rio Grande Valley this year over last year. He adds that he is expecting a "tremendous development in the way of colonization in the near future." With the right kind of co-operative effort this would be true of every part of Texas.

Commercial Secretaries

In advocating a full time secretary for the Cameron Chamber of Commerce The Herald is only urging Cameron to profit by the experience of other Texas towns. There is no more useful man in any community than an active, sensible secretary of its chamber of commerce. If he is of the right kind he is a most valuable asset; if not, he is a liability. There are plenty to be had who are fitted

well for the work by training and experience.

Tourist Hotels

There is a growing demand in Texas for tourist hotels in connection with tourists parks. Many tourists can hardly afford the high-priced hotels and yet they do not want to "camp" in the little one-room houses that characterize most of the "tourist camps." To meet this demand many small hotels are being built with room for car storage on the first floor, clean, well kept bedrooms and attractive cafes. The tourist hotel approaches somewhat the old-fashioned English inn in the character of its entertainment.

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History ... a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past ... notable as its engineering triumphs have proved themselves to be—this remarkable new car dwarfs every previous Chevrolet accomplishment. Not only does it introduce into the low-priced field an entirely new measure of performance, comfort, beauty and style—but it is sold at prices so low as to alter every previous conception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational car—stands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor ... with sensationally greater speed and faster acceleration—it offers a type of performance that is literally astounding—even to those who have been accustomed to driving cars costing hundreds of dollars more. And it affords an economy averaging better than 20 miles to the gallon of gasoline!

Ancient History

It was at the royal ball given in celebration of the king's coronation. All the counts and no-accounts were there. Suddenly a fanfare of bugles split the atmosphere and between two lanes of spectators came Daniel. A great shout went up from the populace.

"What Ho!" cried the king.

"Ho, Ho!" laughed Daniel, thus scoring a point for the common people.

Thereupon the king became wrathful and had Daniel cast into the lion's den. One of the beasts playfully bit his left ear.

"Ouch, Ouch!" screamed Daniel. "It tickles."

"What tickles?" demanded the king.

"Spectacles," replied Daniel. Whereupon 50,000 subjects rolled on the grass in mirth for in those days the king's word was law.

RECORD CROWDS SEE NEW CHEVROLET SIX

SENSATIONAL NEW MOTOR CAR CAPTURES ATTENTION OF THE COUNTRY

Record crowds, highly enthusiastic over Motordom's newest automobile, saw the new line of Chevrolet six cylinder valve-in-head cars at the national premiers this week in New York and Detroit.

Thousands that crowded both exhibitions to inspect Chevrolet's greatest achievement—"a six in the price range of the four"—enthusiased over the streamline beauty of the new Fisher bodies, the latest accomplishment of this famous organization.

Visitors were open in their admiration of the "expensive big car" appearance of the new models. They were pleased with the smart new colors that will distinguish the new Chevrolet from all others; the elegance of the fittings appealed to the most discriminating and the luxurious upholstery pleased the most exacting of the feminine show goers.

They inspected the powerful new 46 horse power motor with its non-detonating high compression head. They were particularly interested in learning that it develops 32 per cent more power than its predecessor which was world-famous for power and that its speed and acceleration has been stepped up to satisfy maximum requirements.

In the shimmering new cars they saw the final proved product of more than four years research and experimentation in the Chevrolet experimental laboratories, the General Motors Research laboratories and the General Motors Proving Ground.

The hum of enthusiasm that pervaded both the New York and Detroit exhibitions seemed to presage a new record year for Chevrolet in 1929. Orders were being placed immediately by those desiring early delivery in January when the first of the new cars will be delivered to owners.

Despite the fact that only two cities have seen the new cars, orders in large volume are pouring into the Chevrolet offices from every section of the country. Although the country-wide dealer organization will not have display cars until December 29, the entire sales organization is now equipped with full color illustrations of the cars, literature and other information about the car that promises to

write a chapter of sensational success into the automobile history of 1929. Meanwhile the fifteen giant Chevrolet plants across the country are pushing production with all the speed possible within the limits of precision manufacturing in order to supply dealers with cars as quickly as possible for delivery starting January 1. In order to accommodate the public and the dealers, the December production schedule has been stepped up to the highest on record for the month.

The case of Mattie K. Barclay vs. Jeff T. Kemp, executor et al, growing out of the will and estate of Lizzie B. Wilson, deceased, is on call for trial.

The case of Mattie K. Barclay et vir, vs. Jeff T. Kemp, executor et al, on call for trial Monday was continued by written agreement of counsel for parties to await action of Appellate Courts in the recently tried case of Kate Rogers et al vs. Jeannie M. Porter et al growing out of the will and estate of Mrs. Lizzie B. Wilson, deceased.

The grand jury met Monday after recess of ten days and made their final report, including 25 indictments; 17 of the grade of felony and 8 misdemeanor. The misdemeanor cases were transferred to the County Court.

ST. RITA'S CIRCLE

At the regular meeting of St. Rita's Circle held last Wednesday at the home of Mrs. B. J. Matocha, plans were completed for a bazaar to be held on December 5. It will be at the Knights of Columbus Hall and will begin at eight o'clock in the evening.

Over 530 miles of Tuberculosis Christmas Seals have been distributed by the Texas Public Health Association for the annual sale which starts tomorrow. The seals this year show an ancient galeon with a red double barred cross on the main sail and the words, Christmas Greetings, 1928.

The proceeds from the sale of these seals finance the work of the Texas Public Health Association and their 23 local affiliated associations.

Over 100 volunteer chairmen have been secured to sell seals in their localities and in counties where no organization occurs. The public is offered an opportunity to secure seals by mail.

Last year the State Association reached over 100,000 persons in their State-wide Educational Campaign. A great deal of attention is being paid to health work in schools, consisting of health educational work and the examination of pupils by registered, Public Health Nurses. Tuberculosis clinics have been held in several counties. Special effort has been made to reach all races.

In 1929 it is expected that a continuation of our present program will be carried on, increasing the clinic work wherever possible. Dr. Z. T. Scott, Executive Secretary, stated that the deaths from tuberculosis had been reduced over 50 per cent since the first campaign against tuberculosis and that we are now on the last half of the fight and the efforts must be continued. He also stated that tuberculosis was still the major cause of death in the age group—15 to 25—and that special work must be done with this group.

Lesson for December 2

PAUL BEFORE HIS JUDGES

LESSON TEXT—Acts 24:1-26:32.
GOLDEN TEXT—I was not disobedient unto the heavenly vision.
PRIMARY TOPIC—Paul on Trial.
INTERMEDIATE AND SENIOR TOPIC—Paul on the Witness Stand.
YOUNG PEOPLE AND ADULT TOPIC—Paul Defends His Life Work.

I. Paul Before Felix (24).

1. The accusation against him (vv. 1-9).
This was made by Tertullus, perhaps a Roman lawyer employed by the Jews.

(1) A pestilent fellow (v. 5). This would indicate a fellow utterly base and corrupt—a plague.

(2) An inciter of rebellion, a lover of sedition (v. 5). This they hoped would bring him into conflict with the Roman power.

(3) That he was ringleader of a sect (v. 5). This was designed to throw contempt and suspicion upon the Christians.

(4) That he had profaned the temple (v. 6).

2. Paul's defense (vv. 10-21).

(1) His frankness and courtesy (v. 10). He gave recognition to the fact that Felix had been ruler long enough to be able to judge justly, as the habits and ways of the Jews were familiar to him.

(2) The charges made (vv. 11-20).
a. The charge of sedition denied (vv. 11, 12). The falsity of this he showed by the fact that the time was too short. Besides, his conduct showed the contrary.

b. The charge of heresy (vv. 14-16). This he made by a confession and a denial. He admitted that he was of this "way," which they called heresy, but denied that Christians were schismatic. He showed that his actions were clearly in keeping with the Hebrew religion, that he worshiped the same God (v. 14), fully believed in the same Scriptures (v. 14), and had the same hope of the resurrection of the dead.

c. The charge of sacrilege (vv. 17-21). This he refuted by saying that he had come all the way from Greece to worship at the feast (v. 17), and had brought alms for his nation.

3. Felix trembles before Paul (vv. 22-27).

Wicked as Felix was, Paul's manner won his favor, though he did not release him. His sentence was "indignant imprisonment," which kept him free from his enemies while under Roman protection. When brought before Felix, Paul reasoned of righteousness, self-control and judgment to come. Felix trembled.

II. Paul Before Festus (25:1-12).

More than two years had elapsed since the trial before Felix, but Jewish hatred did not abate. As soon as Festus, the new governor, went to Jerusalem, he was besieged with accusations against Paul. His accusers desired that he be brought to Jerusalem for trial, intending to lie in wait and kill him on the way. Festus refused their request but agreed to give them an opportunity to go down to Caesarea to accuse him. They were unable to prove anything against him. Festus, willing to please the Jews, proposed to send him to Jerusalem for trial. Seeing that it was impossible to get justice before Festus, Paul made use of his right as a Roman citizen and appealed to Caesar.

III. Paul Before Agrippa (Acts 25:13-26:32).

1. The occasion (25:13-27). This was the visit of Agrippa and Bernice to Festus. Upon their arrival they expressed a desire to hear Paul.

2. Paul's defense before Agrippa (26:1-27).
He introduced his defense (vv. 1-3) by expressing his delight in now telling his case to one who could follow his line of argument, for Agrippa was an expert in questions concerning the Jews.

He then indicated his manner of life (vv. 4-12) by showing that he had lived in the strictest accord with the most rigid sect of the Jews. He then indicated his supernatural conversion (vv. 13-15). After his conversion he was commissioned by Christ (vv. 16-18). As soon as he had received his commission he rendered obedience (vv. 19-23). Seeing how thoroughly in earnest Paul was, Festus interrupted him and attempted to account for his enthusiasm by attributing it to the ravings of an unbalanced mind. Despite this, he made his appeal to Agrippa (vv. 25-27). He courageously appealed to Agrippa's knowledge of the work of Jesus and of the prophets. Agrippa was so impressed by Paul's appeal that he declared he was almost persuaded that he was a Christian.

FROM THE FILES OF THE CAMERON HERALD

28 Years Ago

The ladies of the Maccabees lodge in Cameron gave a delightful entertainment at the residence of Mrs. J. W. Davis last Friday evening and in spite of the fact that the weather was threatening a large crowd was in attendance and the occasion was a most delightful one. A well arranged program was presented and refreshments were served.

Sam Houston, who has been selling dry goods to the Cameron trade for many years is now engaged with P. O. Adams and Co., where he will be glad to meet all his old friends.

Wednesday of last week at the home of Tom Peoples in this city, Mr. Frank Peoples and Miss Ethel Carter were married. None but members of the family and a few friends were present.

Last Tuesday evening Mr. and Mrs. George A. Thomas entertained quite a number of friends at their beautiful and hospitable home in this city with an "Old Fashioned English Tea." Mrs. Wm. Henderson assisted the host and hostess in receiving the guests and aided in rendering the occasion so exceedingly pleasant. There were quite a number present and were entertained by choice music and excellent recitations by Miss Lucy May Johnson and Mr. George A. Sport Roadster Added To Dodge Senior Line

Addition of a sport roadster with rumble seat to the Senior Six line has been announced by Dodge Bros., and shipments to dealers are being rushed to insure immediate deliveries, says Pope Sapp of the Sapp Motor Company. Sport types include as standard equipment two spare wire wheels with tires, mounted in the front fenders, and trunk rack in rear.

All exterior hardware of the roadster including radiator shell, head lamps, bumpers, hub caps, door handles, cowl lamps and moulding and spare tire brackets are chrome plated, attractively setting off the body lacquers and color combinations in which the car is available.

The seat is unusually wide, easily accommodating three passengers, and upholstery is genuine black leather. Four Lovejoy hydraulic shock absorbers and balloon tires (31x6) properly control the car's roadability. Convenience and beauty are emphasized in the arrangement of the instrument board and driver's controls.

Grouped under a frosted silver finished panel are the speedometer, engine temperature indicator, fuel gauge ammeter and oil gauge. Carburetor adjuster and manifold heat control are at the driver's right and ignition switch with theft lock in the left panel. A cigar lighter is in the steering column bracket. Light control levers and spark and gasoline throttles are mounted on top of the steering wheel. Automatic thermostatically controlled radiator shutters afford the greatest year around operating economy. The hand brake at the driver's left, and four wheel Lockheed hydraulic service brakes insure braking facilities matching the powerful six cylinder engine especially designed for the Senior Six line.

With the introduction of the sport roadster, the Senior line is now composed of seven body types, including the coupe and sport coupe, sedan and sport sedan, Victoria brougham, landau sedan and sport roadster.

THE PUBLIC SCHOOL

I am the public school.
I am of many-storied stone,
soaring above busy city thoroughfares, or am a mere cluster of weather beaten boards in a wilderness that is trackless save for the path leading to my door.

I am the guardian of the hopes of every generation and I am true to my trust.

In me all things are equal; in me are no distinctions among those who come to me except the paramount distinction between those who are proud to serve and those who seek only to be served.

It is my duty not alone to teach but equally to learn; to keep perpetually a light upon my altars, kindling them forever afresh from the inextinguishable flame that burns in every young heart, the sacred fires of love, of knowledge and love of freedom and love of country for as I succeed, America succeeds.

I am the public school.

with gift goods. But we are told by Mr. Thomas that this is not the end. Other displays are to be made. It will be the biggest display the store has had and the obliging and courteous management of the store will be a distinct aid to shoppers in selecting their Christmas gifts. The store will have announcements of great interest to make between now and Christmas.

The Neblett Shoppe was opened last week. This week more wares have been added and the store will help Christmas buyers solve the problem of gifts.

"Watch for our toy land announcement," says Louis F. Gohmert of the Gohmert Variety Store. Mr. Gohmert is beginning arrangements for the usual display of toys and gift goods at this big store. He will have something definite to say within a few days.

One of the cheer centers of the city, bespeaking the spirit of the holidays with a generous supply of practical gifts is the Texas Power and Light Company offices. The downtown section presents no greater aid to gift selection than this store.

The Dusek Pharmacy is now making plans for the annual display of Christmas gift goods, specializing in Christmas cards and many things of interest to the season.

Walter F. Sharpe is making of the Palace of Sweets again this year a great and enterprising center for Christmas cheer with his great stock of candies, stationery and novelty goods. A well laid plan of decorations

to give the popular place its gay holiday colors that for years has made the Palace of Sweets famous, is now engaging the attention of Mr. Sharpe while piled high along the counters and walls are boxes of gift goods soon to be on display. The stock of candies this year will be the greatest in the history of this place. Mr. Sharpe has added other lines to make the Palace of Sweets an ideal shopping place this Christmas.

"Gifts that Last" the popular slogan of the R.H. Johnson Jewelry Store will mean its usual dependable attraction this year again. Mrs. Johnson is arranging a display of goods this year that will rank with the best to be seen anywhere.

The New Cameron Drug Company will have the usual big and complete display of Christmas goods this year. Already goods are arriving and are finding their way to the attractive display counters and cases. Practical gifts, candies and many other things too numerous to mention will be found in the Christmas goods display of the New Cameron Drug this year. Joe Denson is well pleased with the selections he was able to make for the trade this year.

Those frosted windows at the Coleman Chevrolet Company mean something big. Mike Coleman has a faint hope that he might be able to show one of the new Chevrolet sixes for Christmas but this is not likely. At any rate there will be something of interest as invitations are to be mailed to the people to visit the display rooms to learn of the greatest Chevrolet in Chevrolet history.

Toyland at Green Brothers will soon be open for the public. This big store is among the leaders in bringing Christmas shoppers to Cameron. The store this year will have its usual

display of goods, including furniture and other practical things. C. N. Green wants no one to forget that the Majestic Radio is about the best gift in the world.

James L. Coleman says the toy department of the Cameron Furniture Company will be one of the big centers of attraction again this year. Already the department upstairs in this big store is blooming into colors of holiday cheer and gift goods selections. R. C. A. radio sets and furniture are offered as practical suggestions by the store.

The Matocha Hardware Company will have the big toy department open in the near future, ready for the Christmas shoppers. Also this big store will have a big stock of practical gifts to select from.

In this issue will be found an attractive half page advertisement from J. D. Dobbins on dry goods. This is a clearance sale of merchandise to make room for Spring goods. Some attractive prices are offered. Manager Earnest Collins believes these prices are beyond duplication.

More than 600,000 new Fords have been sold according to announcement of the Hubert Hefley Motor Company discussing the new unit in an interesting ad in this issue. The new Fords have a greater resale value than the other models and this being true makes them very desirable for resale.

Henry Lippman is offering some exceptional values at the store this week, a close out on suits for men and coats for women. Mr. Lippman is expanding his business. It was originally the Army Store but the business has increased to include other lines of merchandise.

The ceremony was conducted by Rev. Shawe in his home at Buckholts after which the happy couple left for a wedding trip to Dallas and Fort Worth.
